**Selective Service
Verification Form**
Form: **SELSER**

Men between the ages of 18 through 25 are required to register with the Selective Service System. This requirement covers both citizens of the United States and most other men residing in the United States, except that a man who is in the United States as a lawful nonimmigrant isn't required to register as long as he maintains that status. Students are required to register for Selective Service to be eligible for Federal or State Financial Aid funds.

The Selective Service reported that you have not registered with them. If you are a female or were born before 1960, registration is not required. Otherwise, if you have not yet registered, are male, and are 18 through 25 years of age, we cannot award you financial aid until we have proof that you are exempt or you must provide confirmation that you are registered with the Selective Service.
