Dear Friends,

Wow, what a year! As you review the 2011 Annual Report for Ogeechee Technical College, you will agree that it was a banner year for the College. We converted from quarters to semesters, started construction on an additional health science building, became a tobacco-free campus, had a record iGot (I Gave to Ogeechee Tech) Foundation campaign, hosted 3,500 job-seekers for Great Dane, and those weren’t even the biggest news items of the year!

In the Spring of 2011, we were excited to have our local Georgia Occupational Award of Leadership (GOAL) winner, Alvie Coes, III, win at the state level! Alvie was our second state winner in four years. At the end of 2011, we were again honored with a best-in-the-state recognition when Ogeechee Tech was named the College of the Year for the Technical College System of Georgia!

The few things I have mentioned, although significant, are but the tip of the iceberg when it comes to all that Ogeechee Tech has accomplished in 2011. The pages of this report will illustrate some of the many facets of the College, but even this report is not all inclusive of the many accomplishments made over the year.

When all things are considered, none of these would be possible without the support of active communities, engaged board members, hard-working Foundation representatives, dedicated employees, and of course, our students! This Annual Report is a snapshot of what these great people have done during 2011. The most important accomplishment of Ogeechee Technical College, however, is the difference the College makes in the lives of our graduates – providing opportunities for a better life for them and their families. For that, we are the proudest of all!

Respectfully,

Dawn H. Cartee, Ed.D.
President
OGEECHEE TECHNICAL COLLEGE
Education with Purpose
The State Board of the Technical College System of Georgia named Ogeechee Technical College in Statesboro as the state’s Technical College of the Year on December 1, 2011. The announcement was made during the board’s monthly meeting in Atlanta.

TCSG State Board Chairman Paul Holmes presented Ogeechee Technical College President Dawn Cartee with the Perdue Award for the 2011 Georgia Technical College of the Year.

“I’m very excited and honored for our college to receive this recognition,” said Cartee. “This award validates the hard work our whole team puts forth daily to support our students, communities, and state.”

Holmes noted that the people of the college are the driving force for its success. “This award is a very well-earned recognition. It speaks highly of the exceptional level of hard work that President Cartee and the faculty and staff of Ogeechee Technical College have put forth on behalf of their students, the local communities they serve, and the businesses and industries that rely on the college to fill the workforce with highly-trained graduates,” said Holmes.

Judging for the award is based on almost two dozen performance categories in the areas of technical education, adult education, economic development, resource development, administration, and national recognition. The criteria includes enrollment numbers, graduates and graduation rate, student retention rate, job placement, licensure rate, the number of GED graduates who transition on to college, and cost efficiencies.

“Ogeechee Technical College has an excellent reputation in our state and beyond for its world-class faculty, excellent staff and outstanding facilities. The entire Technical College System of Georgia applauds President Cartee and all of our friends and colleagues at Ogeechee Technical College for this very well-deserved honor,” said TCSG Commissioner Ron Jackson.

This has been a banner year for Ogeechee Technical College. Enrollment grew by 10.3 percent between 2010 and 2011, with 4,470 students attending classes. In addition, the number of full-time equivalent students increased by 18.2 percent. Also, in the last year, Ogeechee Technical College graduated 993 students in certificate, diploma and degree programs, which was an 11.6 percent increase over the previous year.

The college’s adult education program produced results as well. Almost one-half of those who obtained their GED diploma through the Ogeechee Technical College’s testing site chose to transition to and enroll in college classes.

President Cartee and her faculty and staff also improved on the college’s operational efficiencies in a time of fiscal belt-tightening by reducing its average expenditure per full-time equivalent by almost nine percent. The college, like many of its sister colleges in the TCSG, achieved those efficiencies by lowering administrative costs and not by reducing students access to instructional programs, classrooms and technology.
Student Success

GOAL WINNER COES SHOWS OFF NEW CAR

The Technical College System of Georgia state winner for the Georgia Occupational Award of Leadership (GOAL) competition, Alvie Coes, III, a Funeral Service Education student from Ogeechee Technical College in Statesboro, won a new 2011 Chevrolet Cruze. The car was part of his prize for winning the statewide competition. Coes received the car after competing and winning at GOAL competitions at the local, regional, and state levels. Part of the responsibility of being a winner is representing the Technical College System and Ogeechee Tech as an ambassador for technical education. Coes’ duties also include speaking engagements at various functions around the state, including a visit to the Georgia State Capitol to meet the Governor and to speak before the House of Representatives and Senate.

“I am honored and humbled to represent Ogeechee Technical College and the Technical College System of Georgia as the 2011 state GOAL winner. Technical education is a great asset to the state of Georgia, and having the opportunity to help promote it is a responsibility I take very seriously,” stated Coes. Ogeechee Tech President, Dr. Dawn Cartee, stated, “We could not ask for a better representative for Ogeechee Tech or the Technical College System of Georgia. We are proud to call Alvie one of our own.”

Coes’ reign as state GOAL winner will end when a new state winner is named in the Spring of 2012, but he says that the experience of being State GOAL winner is one which he will never forget. “I’ve had the opportunity to see so many people, go so many places, and learn so much more about our great state and about technical education. This whole experience has enriched my life greatly,” Coes concluded.

“This whole experience has enriched my life greatly.”
Students, faculty, and staff of Ogeechee Technical College, along with many of their family members, converged on Splash in the ‘Boro Water Park on August 16, 2011, for The Big Switch – Bash at Splash. The event was planned to celebrate Ogeechee Tech’s conversion from quarters to semesters beginning August 22. All of the colleges within the Technical College System of Georgia changed to the semester system for Fall term 2011, according to Ryan Foley, OTC’s Vice President for Student Affairs.

Funded by student activity fees, The Bash at Splash was planned as a reward for everyone associated with Ogeechee Tech, to acknowledge their hard work, perseverance, and patience in completing the necessary changes required to convert to the new semester schedule. “Because our faculty and staff have worked diligently to bring us to this point and because our students have been so receptive and understanding about the change, we wanted to thank everyone and celebrate with this exciting event,” stated Dr. Dawn Cartee, Ogeechee Tech President. Cartee addressed the crowd gathered to watch the ceremonial flipping of the switch from quarters to semesters. Instructors and students from the Construction and Electrical programs at Ogeechee Tech built a giant switch which was used to symbolize the change from quarters to semesters, according to Foley.

Attendees were treated to food, water park activities, and door prizes. Everyone was excited to watch Dr. Cartee and others flip the giant switch to acknowledge the new college term. The Statesboro High School drum corps was on hand to provide a drum roll as the switch was flipped. As the switch was moved from quarters to semesters, balloons were released, promotional items for The Big Switch – Bash at Splash were tossed out to attendees, and lights flashed to herald the ceremonial arrival of the first-ever semester for Ogeechee Technical College, all to a background of drum cadences provided by the corps.

“The event was planned to celebrate Ogeechee Tech’s conversion from quarters to semesters...”

“This event was well received by the employees, and especially by the students and their families. Everyone had a wonderful time,” stated Foley. Many people stopped to thank event organizers as they were departing the park.

The route to converting to semesters was more than a two-year process, according to Cartee. “We had numerous meetings locally and at the state level, completely re-worked the curriculum and schedules for all the programs and classes, and worked very hard to make the transition as smooth as possible,” stated Cartee. “The new semester schedule, which commenced on August 22, 2011, began smoothly and has worked well for the College.”
Ogeechee Tech is doing its part to promote healthy learning.

The use of all TOBACCO PRODUCTS is prohibited on campus.

Effective April 4, 2011

BREATHE EASY
EDUCATION

100% TOBACCO FREE

For more information, visit www.ogecheetech.edu/tobaccofree
Ogeechee Technical College joined the growing ranks of educational institutions which are tobacco-free in 2011. Effective April 4, 2011, “Smoking or use of other tobacco products is prohibited on all Ogeechee Technical College grounds; owned or leased properties, and campus-owned, leased or rented vehicles. This includes but is not limited to all College sidewalks, parking lots, landscaped areas and recreational areas; at lectures, conferences, meetings, and social and cultural events held on property or grounds of Ogeechee Technical College. Tobacco use is also prohibited in the interior of all buildings.” This statement was taken from the policy which was adopted by the College’s administration and approved by the local Board of Directors.

“We acknowledge and support the findings of the Surgeon General that tobacco use in any form, active or passive, are significant health hazards. Along with the health hazards, we have had a growing problem with trash left behind by smokers, and complaints about individuals smoking near doorways and walkways. This policy helps eliminate those issues, and will hopefully be a catalyst for employees and students to stop smoking or otherwise using tobacco,” stated Ryan Foley, Vice President for Student Affairs at Ogeechee Tech, who chaired a Tobacco-use committee. The College is committed to the promotion of wellness and healthy living for its employees and students, and part of that commitment involves taking a role in discouraging the use of tobacco, according to Foley. The committee which developed the new policy was made up of employees and students, tobacco users and non-tobacco users.

“We want our employees to be as healthy as possible. We have weight-loss programs, exercise activities, and programs directed at reducing stress and improving one’s life,” stated Ogeechee Tech President, Dr. Dawn Cartee. “We instituted tobacco cessation activities as well, in an attempt to help our employees and students stop using tobacco products.”

Ogeechee Tech was not the first in the Technical College System of Georgia to become tobacco-free, as several other colleges previously initiated such a policy. Numerous institutions in other educational systems have also established such policies. “We know that this is part of a growing trend among educational institutions, as well as healthcare campuses, government buildings, and other locations,” stated Foley. “The policy applies to everyone using any of our grounds or buildings—students, employees, and visitors.”
January 5, 2011 - Ogeechee Tech employees promoted
Ogeechee Technical College president, Dr. Dawn Cartee, recently announced promotions for two members of the College’s executive team. Jeff Davis, formerly Executive Director for Operations, is now Vice President for Technology and Institutional Support. Barry Turner, formerly Executive Director for Public Relations, is now Vice President for Community and College Relations.

January 24, 2011 - OTC’s Lamar appointed to Boys & Girls Club Board
Dr. Charlene Lamar, Vice President for Academic Affairs at Ogeechee Technical College, was installed as a member of the Board of Directors of the Boys and Girls Club of Bulloch County.

January 31, 2011 - SkillsUSA held at Ogeechee Tech
Three hundred high school students from 17 different schools met at Ogeechee Technical College on January 27, 2011, for the Regional SkillsUSA competition. Students competed in activities such as quiz bowl, carpentry, masonry, plumbing, electrical, cosmetology, auto body repair, drafting, and other skills, and were judged by various OTC employees, as well as a number of community volunteers.

February 11, 2011 - OTC’s Gainous Won Award
Georgia Southern University’s Department of Writing and Linguistics honored Ogeechee Technical College English instructor, Matthew Gainous, as the recipient of the prestigious Golden Award of 2011. The Golden Award recognizes excellence in teaching first-year writing and goes each year to an instructor who embodies the passion, commitment, and warmth that made Ms. Golden so admired among her students and peers.

February 16, 2011 - OTC employees worked on Extreme Home Makeover Project
Ogeechee Technical College employees, Norm Threatt, Daniel Threatt, and Shane Todd, worked on the Extreme Home Makeover house in Beaufort, South Carolina. Todd, who was invited to participate by a superintendent for H2 Builders, logged over 70 hours on-site and was on-hand when the production team “moved the bus” to reveal the new home, which was presented to a deserving family.

March 7, 2011 - iGot Campaign raised funds for OTC
The Ogeechee Technical College Foundation, Inc., held its annual community-wide iGot (I Gave to Ogeechee Tech) campaign on Tuesday, March 8. Volunteers from Ogeechee Tech’s three-county service delivery area converged in the Conference Center on the OTC campus to hear words of inspiration from Foundation board members, instructors, and students who explained how the contributions to iGot greatly impact their lives.

March 14, 2011 - OTC Nursing Students visited State Capitol
Ogeechee Technical College senior Practical Nursing students attended Licensed Practical Nurses Day at the State Capitol in Atlanta. Instructor Jackie Howard accompanied nine students to the Capitol to hear speakers discuss the merits and challenges of nursing careers.

March 22, 2011 - Signs signified partnership between OTC and childcare centers
To acknowledge the importance of the partnership between Ogeechee Tech and various childcare centers, OTC presented “education partner” signs to several centers to display as an outward manifestation of each center’s affiliation with Ogeechee Tech.

March 23, 2011 - MAGE SOLAR presented a program on solar energy systems
MAGE SOLAR Projects, Inc., a manufacturer of solar panel systems from Dublin, Georgia, presented a program on the OTC campus for those in the Statesboro area interested in learning more about solar energy systems. Norm Threatt, OTC’s Photovoltaic Systems Installation and Repair instructor, was on the question and answer panel during the presentation.
April 21, 2011 - Career Fair drew large crowd to Ogeechee Tech
OTC was the site for Career Fair 2011 sponsored by the College, Coastal Workforce Development, and the Georgia Department of Labor. Over 80 employers were on hand to meet with hundreds of Ogeechee Tech students and members of the public who were investigating employment options.

April 27, 2011 - Employees named Service to Mankind recipients
Two Ogeechee Technical College employees were named 2011 recipients of the Deen Day Smith Service to Mankind award. Jan Martin and Jeff Davis were recognized as part of a group of 21 recipients for 2011.

April 27, 2011 - OTC’s Hodges received GFSPA award
Y’Ionne R. Hodges, program director for Ogeechee Technical College’s Funeral Service Education program, was selected as the 2011 Georgia Funeral Service Practitioners’ Association Mortician of the Year for the State of Georgia.

May 9, 2011 - Ogeechee Tech raised money for Relay for Life
Employees, students, and family members of employees and students, worked to raise money in the fight against cancer. OTC’s Director for Admissions, Laura Saunders, coordinated the College’s Relay for Life team.

May 16, 2011 - QR Barcode technology made debut in OTC ad
A Quick Response barcode, or “QR”, is a new way people can quickly gain information about a particular subject, just by scanning the code. Ogeechee Technical College has begun using this technology in some of its advertisements.

May 18, 2011 - Emeriti Board of Directors named at Ogeechee Tech
History was made at Ogeechee Technical College on May 18, 2011, when the inaugural group of Emeriti Board members for the College was inducted. At a special luncheon recognizing the past service of a number of earlier Ogeechee Tech Board members, those currently serving on the College’s Board of Directors, joined by the College’s executive team, honored those who have helped the College through the years.

May 18, 2011 - Julie Strickland received commendation at OTC
Ogeechee Technical College English instructor, Julie M. Strickland, was presented a commendation for her work on The Academic Affairs Toolbox, a publication which communicates important information to members of OTC’s Academic Affairs division.

May 24, 2011 - OTC received Dollar General Grant
OTC was the recipient of a Dollar General Literacy Foundation grant for $10,000. In notifying the College of the grant, Denine Torr, Dollar General’s Director of Community Initiatives, stated, “We recognize the important role Ogeechee Technical College plays in the community and hope these funds will help strengthen the College’s literacy efforts.”

June 6, 2011 - Instructor took part in national program
OTC Automotive Technology instructor, Charles Case, met with 27 other Automotive Technology instructors from across the nation to discuss whether high schools are preparing rising high school seniors to be able to meet the minimal qualifications to enter post-secondary technical programs such as automotive technology.

June 9, 2011 - Spring 2011 LEA Graduates honored at OTC
The Regional Law Enforcement Academy of OTC recognized 13 individuals for having completed the rigorous course of study at OTC’s Regional Law Enforcement Academy. Program Director, Greg Rabeler, Lead Instructor, Dr. Chris Findley, Instructor Jim Mitchell, and Administrative Secretary Shelly Brinkley were on hand to recognize the students for their accomplishments.
June 20, 2011 - Criminal Justice Fraternity formed
Lambda Alpha Epsilon, a fraternity affiliated with the American Criminal Justice Association, celebrated a charter installation for the Alpha Omega Delta chapter at Ogeechee Technical College.

June 29, 2011 - A top producing two-year college
The Community College Week, a publication which is touted as “the independent voice serving community, technical, and junior colleges” released its 2011 lists of top associate degree and certificate producers. OTC claimed the 34th position among the top 50 associate degree producers in the country in the area of general sales, merchandising, and related operations. In the category of top 100 one-year certificate producers, OTC ranked at number 94, and for one-year certificates for African-American students, Ogeechee Tech was number 84 in the nation.

July 5, 2011 - OTC’s Durden published in business journal
Ogeechee Technical College Vice President for Economic Development, Lori Durden, participated in an exploratory study, the results of which were published in the Journal of Management Policy and Practice.

July 6, 2011 - Ogeechee Tech student received GFDA scholarship
Bradley Bostic, a Funeral Service Education student at Ogeechee Technical College in Statesboro, Georgia, was presented a Georgia Funeral Directors Association scholarship for $1,000.

July 18, 2011 - Second Annual Grillin’ in the Grove
The OTC American Diabetes Association committee hosted the second annual Grillin’ in the Grove steak cook-off in the pecan grove at the front of the OTC campus. Teams competed for the chance to be the best in grilling.

July 19, 2011 - Print Center’s New Home
In continuing efforts towards efficiency, the Print Center moved from Rooms 414/415 to Room 331 (the old bookstore location). Services offered include quality printed materials, faxing, document finishing, lamination, friendly customer service, etc.

July 27, 2011 - Crisis Intervention Training held at OTC LEA
Unlike the academy’s regular classes for police cadets, the CIT training is an in-service program for active-duty officers. With the aim of avoiding the use of jail time or force, they learn new ways of dealing with people who are living with mental illness.

August 1, 2011 - Ogeechee Tech adopted the HEAT as name for sports teams
With the advent of sports teams at Ogeechee Technical College, the need for a team name became apparent. With a number of options from which to choose, the winner of the “mascot” name for Ogeechee Tech was “The Ogeechee HEAT,” which narrowly beat out the “Breeze” for the College’s official mascot.

August 24, 2011 - Alertus Beacons add to campus safety
Alert beacons are tied to the OTC Alert system so that any message the college sends out via OTC Alert can be shown on the beacon screens simultaneously. In addition to OTC Alert and the Alertus Beacons, there soon will be a system that will flash an emergency message to every computer on campus that is connected to the OTC network.

August 30, 2011 - Agribusiness Workshop held at Ogeechee Technical College
The 2011 Agribusiness Workshop, “Agribusiness through the Roof ... Resources to Maximize your Agribusiness Potential” provided relevant, cutting edge information to agribusiness owners, along with valuable networking opportunities among business owners, agriculture and tourism professionals, funding entities, local, state, and federal service providers.
August 31, 2011 - Student’s journey to become funeral director leads through Iraq
On active duty with the U.S. Army, Dewayne Hall, a graduate of the Funeral Service Education program at Ogeechee Technical College, also worked at a funeral home in Augusta, Georgia, near Fort Gordon where he was stationed. The challenges of being on active duty, working at a funeral home, and going to school were just the start, however. As part of his military service, Dewayne deployed to Iraq for a year but continued his education on-line while serving overseas.

September 7, 2011 - First technical college to offer new library services
The Ogeechee Technical College Library is the first technical college library in the nation to use Online Computer Library Center, Inc. (OCLC) Web-Scale Management Services (WMS).

October 3, 2011 - Marsh appointed to statewide Ag committee with DOE
Ogeechee Technical College Agribusiness instructor, Elliott Marsh, was appointed to a statewide advisory committee for the Georgia Department of Education. The committee will “direct the focus and vision for agriculture education curriculum” for the K-12 public school system in the State of Georgia.

October 24, 2011 - Ogeechee Tech GED program wins award
The Adult Education program at Ogeechee Technical College was recognized for outstanding achievement in increasing the number of General Education Development (GED®) graduates over the past year.

October 31, 2011 - OTC Celebrates National Day on Writing
In celebration of the 3rd Annual National Day on Writing, which was Thursday, October 20, Ogeechee Technical College held a student essay contest. The first place winner, Ifeanyi Ogali, received a Kindle, an electronic device on which books may be downloaded.

November 9, 2011 - Ogeechee Tech Rad Tech students work at Boys & Girls Club
Radiologic Technology students at Ogeechee Technical College worked at the Boys & Girls Club of Bulloch County as part of Ogeechee Tech’s Service Learning Initiative. Students from the Rad Tech program volunteered at least four hours, two days a week, for the month of November.

November 14, 2011 - Dr. Lisa Rogers joins Board of Directors
Dr. Dale Grant, President of the Ogeechee Technical College Board of Directors, announced that Lisa Stiffler Rogers, M.D., F.A.C.O.G., has joined the Board and was sworn in at the October meeting. Dr. Rogers is a physician in Statesboro specializing in Obstetrics and Gynecology.

November 14, 2011 - Ogeechee Tech employees visited Senior Center
Employees from the Administrative Services division spent time at Golden Opportunities Senior Wellness and Volunteer Center in Sylvania, Georgia. Ogeechee Tech employees Angie Alston, Tonya Collins, Amy de la Cruz, and Gwen Evans volunteered their time helping the seniors with arts and crafts, music, and lunch.

December 7, 2011 - Gift of Laptop to Deserving Student
CM City, in association with OTC, surprised student Michelle Valerie with an early Christmas gift. Statesboro store manager, Cassia Moore, presented Ms. Valerie with a brand new Dell laptop computer at the Ogeechee Technical College campus.

December 10, 2011 - Ellean Stanley to attend EAGLE Leadership Institute
Ellean Stanley of Claxton, Georgia, was named Ogeechee Technical College’s EAGLE winner for 2011, and will represent Ogeechee Technical College at the EAGLE Leadership Institute to be held in Atlanta in early 2012.
These images were captured over the past year during fundraisers, socials, labs, classes, and other various events.
THE Ogeechee Technical College Bookstore relocated during 2011 to a completely renovated facility. A fresh new décor, expanded offerings of merchandise and food, and a convenient location adjacent to the patio area behind the Joseph E. Kennedy Building, the Bookstore offers students, employees, and visitors an opportunity to “Eat, Drink, Shop!” in a bright, clean, modern facility. A new point-of-sale computerized inventory and check-out system helps the store to operate more efficiently.
NEW CONSTRUCTION

Construction began on the Health Science Building-North in 2011, and with no delays, the building should be ready for occupancy beginning in January 2013. The 26,000 square foot building will house a number of Health Science programs, including Radiologic Technology, Echocardiography, Radiology PACS, Sonography, and Opticianry. It will also boast computer labs, a biology lab, and a 75 seat demonstration theater. The building will help frame a campus commons area between it and the existing Health Science Building-South.

OSB STUDENT CENTER

The Student Center in the Occupational Studies Building was completely renovated in 2011. New furniture, a large flat-panel television, and a completely fresh décor help make the lounge more welcoming to students who need a place to relax between classes, study, or visit with friends. The project was paid for with funds provided by the Student Leadership Council.
DEAR FRIENDS OF Ogeechee TECH:

The Ogeechee Technical College Foundation, Inc. supports Ogeechee Technical College by providing scholarships, equipment, faculty and staff training, emergency funds, and other essential support. The assistance provided by the Foundation is made possible through the generosity of many donors who include community supporters, employees, and students.

Raising funds, while at times a difficult task, is a worthwhile goal that the Foundation Executive Board, Trustees, and volunteers take very seriously. Please accept the gratitude of the Foundation for your continued support in helping the College provide Education with Purpose!

Best regards,

Lynda Williamson, President
Ogeechee Technical College Foundation, Inc.
The Ogeechee Technical College Foundation, Inc. holds an annual scholarship banquet at which scholarship recipients are honored. Donors, Foundation members, and College representatives appreciate the opportunity to give the scholarship recipients special recognition.

When deep cuts to HOPE grants negatively impacted the Commercial Truck Driving program at Ogeechee Tech, the Ogeechee Technical College Foundation, Inc., devoted an additional $10,000 to scholarships for students in that program.

ENROLLMENT
(Based on FY 2011 credit enrollment.)

Ogeechee Technical College enrolled 4,470 students in credit courses during FY 2011.

The five year percent change in credit enrollment, from FY 2006 to FY 2011 = 30.4%

The college’s Student Retention Rate is 71% (based on first-time, regular admitted students enrolled in Fall 2009, who graduated or were still enrolled in a Georgia technical college or university system college as of the end of the next year, FY 2011).

STUDENT POPULATIONS
(Based on FY 2011 credit enrollment.)

Gender
- 34.9% Male: 1,558
- 65.1% Female: 2,912

Race and Ethnicity
- 0.3% American Indian: 14
- 0.5% Asian: 21
- 39.9% Black: 1,783
- 1.6% Hispanic: 71
- 55.9% White: 2,498
- 0.0% Non-Resident Alien: 0
- 1.2% Multi-Racial: 54

57.6% of students attended college full time, and 42.4% attended part time (based on Fall Quarter 2010).

3,641 students (81.5%) received the HOPE Grant or Scholarship.
2,660 students (59.5%) received Pell.
2,923 students (65.4%) took at least one course online.

ENROLLMENT BY COUNTY
(Top counties where students reside.)

County | Enrollment | % of Enrollment
--- | --- | ---
Bulloch | 2,092 | 46.8%
Screven | 444 | 9.9%
Evans | 267 | 6.0%
Effingham | 211 | 4.7%
Candler | 203 | 4.5%
All Other Counties | 1,253 | 28.0%
**Total Enrollment** | **4,470**

PROGRAMS
(Based on FY 2011 credit enrollment.)

Students enrolled in these program areas (some students enrolled in more than one area):
- Business & Computer Information Systems: 939
- Health: 1,953
- Industrial/Natural Resources: 717
- Personal/Public Services: 973
HIGH SCHOOL COLLABORATIVES
(Based on FY 2011 credit enrollment.)

High School students enrolled at Ogeechee Tech: 126
Students can be dual enrolled (taking postsecondary courses for both high school and postsecondary credit), or joint enrolled (taking postsecondary courses for postsecondary credit only), or both.

GRADUATES
(Based on FY 2011 graduates.)

An unduplicated total of 993 graduates received awards from this institution in FY 2011.
The three year percent increase in graduates from FY 2008 to FY 2011 = 50.5%

Awards conferred (some graduates received an award in more than one program):

- Associate Degrees: 169 (10.8% of total awards)
- Diplomas: 371 (23.8% of total awards)
- Technical Certificates of Credit: 1,019 (65.4% of total awards)
