

Network Technician Certificate (NT41)

Description

The Network Technician Technical Certificate of Credit program provides basic training in computer information systems networking. Students are introduced to the basic concepts of network administration. Upon graduation, students will be able to install, configure, and maintain networks using Windows networking software.

Employment Opportunities

Graduates may find opportunities for work as entry-level technicians to install, configure and maintain networks using Windows networking software.

Admissions Criteria

- Submit a completed application and application fee;
- Be at least 16 years of age;
- Submit official high school transcript or GED transcript;
- Submit official college transcripts, if applicable;
- Meet the following assessment requirements:
