

Conservation Law Enforcement Associate of Applied Science Degree (CL13)

The Conservation Law Enforcement Associate of Applied Science Degree program involves a combination of Criminal Justice courses and Fish and Wildlife courses to prepare students for successful employment in a range of professions within natural resources. Criminal Justice courses provide students with an overview of the criminal justice system focusing on theoretical and practical applications in law enforcement. Fish and Wildlife courses provide students with applicable knowledge and skills in the areas of wildlife populations, habitats, wildlife management, and maintenance. Graduates of the programs receive an Associate of Applied Science in Conservation Law Enforcement.

Employment Opportunities

Graduates of the Conservation Law Enforcement Associate of Applied Science Degree program may be employed as: Conservation Ranger (Game Warden), Hatchery Technicians, Wildlife Technicians, Foresters, Biological Technicians, and Forest and Conservation Technicians.
