WHY ACCOUNTING

Accounting is the **LANGUAGE OF BUSINESS** that involves the process of identifying, measuring, and communicating **FINANCIAL INFORMATION** to users both inside and outside of a company. Most businesses have an accounting department at the heart of their operation. The US Bureau of Labor statistics project employment of accountants to **GROW 11%** from 2014 to 2024, faster than the average for all occupations. As the economy grows, more workers will be needed to prepare and examine financial records. If you have a knack for numbers and want flexibility in a field with **AMPLE JOB OPPORTUNITIES**, the Accounting program at Ogeechee Tech may be for you.
