

Banner Web FAQ

Q. What is Banner Web for Students?

A. Banner Web gives students of Ogeechee Technical College access to their personal and academic information via the Internet. Banner Web gives students the ability to view grades, transcripts, schedules, holds, account balances, financial aid information, run Degree Works curriculum audits, and much more.

Q. What is my User Name?

A. Your User Name is a generated alphanumeric external ID that is created specifically for you at Ogeechee Technical College. This user name is a maximum of eight digits in length. You can use the Look up my OTC Login Credentials link on the [Account Assistance](#) page if you need to locate this information for log in.

Q. What is my Password?

A. Your default password is your Upper Case first name initial, lower case last name initial and your date of birth combined. (ex: Name: Ima Student born April 13, 1995, would use the following password: Is041395)

Q. What should I do if I forget my Password or I cannot login?

A. Use the [Account Assistance Request Form](#). Please fill out as much information as possible. Be sure to complete the fill in box (the default message says "Type your comment or problem here") and list the account that you are having an issue with (Banner Web, Student Email, Blackboard, etc.) in the drop down menu box, include any error message that you receive, and include a reply e-mail address so that we may contact you regarding assistance.

The Banner Web accounts lock after five incorrect log in attempts and direct you to contact technical support. The [Account Assistance Request Form](#) located on the [Account Assistance](#) web page under the Student Services heading is the easiest way to contact technical support.

Q. Why can't I view my grades?

A. There are two possibilities: (1) there may be a hold on your account. It will give you a prompt and allow you to see the type of hold and who you should contact to resolve the issue; or (2) Grades have not been posted yet for the semester in question. Grades will automatically be posted as we process and finalize them. This may take as long as one week after classes complete. Generally a message is posted about grade availability on the log in page for Banner Web. During grade processing, access to academic transcripts and Degree Works is suspended as the grade point average and grades are not finalized and rolled to academic history.

Q. Where do I check my grades?

A. Once logged into Banner Web, to view grades for a specific term click on the Student Services Menu Tab. Select the Student Records Menu. Click the Final Grades Link. To view grades for all terms of attendance, click the Academic Transcript Link. Leave it as this form defaults to display "All Levels" of enrollment and click Submit.
