

WHY TECHNICAL STUDIES

The Technical Studies Associate Degree program is designed to prepare students for employment in a variety of positions in today's technical industry fields. This program offers students learning opportunities that develop higher level academic skills required for job acquisition, retention, and advancement.

This program is specifically open to students who have completed another approved technical or industrial program of study. The program emphasizes a continuation of technical studies theory and practical applications necessary for successful employment.

Program graduates receive an Associate of Applied Science degree in Technical Studies or Interdisciplinary Studies.
