Founder, Lead Facilitator
EduCare Training and Consulting, LLC

Presentation of Candidates DR. ANTHONY BERRIOS
Vice President for Academic Affairs
Ogeechee Technical College

Conferring of Diplomas PRESIDENT LORI S. DURDEN

Recessional

Dr. Patrice Buckner Jackson

Dr. Patrice Buckner Jackson, known in her community as Dr. PBJ, gives educators the strategies for accomplishing purposeful work without burnout.

Dr. PBJ is an educator of almost 25 years and an Executive Coach for more than 10 years. She holds a doctoral degree in Education Administration, served in executive leadership at colleges and universities, and facilitated leadership training as a faculty member for the Center for Creative Leadership. Dr. Jackson worked in higher education at many levels, from student assistant to President's Cabinet and is the recipient of several professional awards and accolades.

Dr. Jackson founded EduCare Training and Consulting, LLC, with a purpose of pouring into those who pour out so much. Much of her work is specifically focused on equipping and refreshing educators. Compassionate work can carry a high price tag: your mind, body, spirit, and relationships may be in distress as you serve the needs of others. Dr. Jackson leads her community to serve well without paying an ultimate price.

Dr. PBJ is the creator and host of the *Disrupting Burnout* podcast as well as the author of the Amazon best-seller, *Disrupting Burnout: The professional woman's LIFELINE to finding purpose*.

2026 OUTSTANDING ALUMNI AWARDS

The Outstanding Alumni Awards honor individuals who have graduated from Ogeechee Technical College, who are making outstanding contributions and excelling in their chosen fields, are giving back to their community, and are dedicated to the advancement of the College. Awards are presented to one Outstanding and one Distinguished alumni annually.

Distinguished: OTC alumni who graduated in 2016 or earlier, and who have excelled in their chosen field, having attained prominence and/or have had a positive effect on the local, regional, or state level.

Outstanding: OTC alumni who have graduated in the past 10 years, and have notable recognition in their chosen field with a promise for continued success.

Distinguished

Sarah Singletary, Echocardiography - 2012

A graduate of both Georgia Southern University and Ogeechee Technical College, Sarah Singletary completed the Echocardiography Program at OTC in 2012, launching a distinguished clinical career spanning more than a decade. Her work has included advanced cardiovascular imaging, contributions to clinical policy development, and dedicated mentorship of students in clinical settings. In 2024, she returned to Ogeechee Technical College as an Echocardiography Instructor, bringing her journey full circle. In this role, she has demonstrated exceptional instructional leadership through rigorous, accreditation-aligned curriculum and hands-on training. Under her guidance, students have achieved a remarkable 100% first-time pass rate on national registry examinations. Beyond the classroom, she is deeply engaged in community service and advocacy, serving on the board of the Statesboro Family YMCA, volunteering with multiple local organizations, and supporting the OTC Foundation's iGot Campaign. Her professional honors and unwavering commitment to education and service truly embody the spirit of Ogeechee Technical College.

Outstanding

Tiffany Underwood, Esthetician - 2022

After earning a Bachelor of Science in Biology from Georgia Southern University, Tiffany Underwood pursued her passion for esthetics at Ogeechee Technical College, where she was named Esthetics Student of the Year in 2022. She is now the owner of SkinCo, a successful esthetics practice known for transforming both skin and confidence. Her excellence has earned national recognition, including a top honor in the Skin Games Compassionate Category, board service with Pomp Beauty, and features in leading industry publications. During her training, she persevered through a diagnosis of hairy cell leukemia, completing her education while undergoing treatment. Inspired by her cancer journey and the loss of her mother, she founded Tiff Tiff's Chemo Bags, a nonprofit providing comfort to chemotherapy patients nationwide. A dedicated mentor, she continues to give back to OTC by supporting and inspiring future estheticians. Her story reflects the power of perseverance, kindness, and purpose in action.
